- IF METAL, SLIGHT "MOTOR" ASSOCIATION.
(SOMETHING TO SHIP MOTORS IN?)

o SENSE OF A PERSON SEALED INSIDE THIS.

OVERALLo General Location

- old building near/on a low dam, shallow stream
- may be a warehouse; or possibly mfg. of some product using cement or clay., a round form or container, or cask(s). May not be too active.
- Building is like an old mill .. also loamy stone construction possibly. (a cement plant way?)
-
- There may be an odd feature about this low dam:
 - two (split?) levels?
 - Deep holes in river bed below dam
- may be a bridge nearby.. (old type)
- at edge, or beyond, a town/city.
- (?) - ((or possibly, further away in remote area .. see E 2?))

o Implications

- Not good
- Possibly, Target will be sealed in some type of container, tossed into river here.
- may already be sealed, but not thrown in.
- Some of story, suffocation ("Not related to initial tank escape event").
- may already be dead. However, "sealed-in" sense may
